Application Item No. 6. Remarks.

Request is to add land to the place of use that is better suited to farming, compared to portions of the existing place of use. The added lands have better uniformity of slope and soils, better depth of soil, and will improve the ease of farming operations. Installation, operation and maintenance of irrigation equipment will be more economical and efficient. Painted Summer Hills is in the process of acquiring this land and has permission from the owners, J. Andrew and Rita Sole, to pursue this application.

This application is being pursued independently of a separate change application filed on 12-10-2012 under this same permit by Jeff Jones. PSH is leasing water rights to Jeff Jones. The water board assigned No. DOUG-12-02 to the Jeff Jones application, which requests to add other lands to the place of use, and to add a well located on those lands (see attached Map). The two change applications do not conflict with one another and it is understood that the total permit quantities will not be exceeded among the permit and the two changes being requested, should they be approved.

Other Attachments. Copy of permit ; Well report for permit main irrigation well; Map of Request.
